

Product name: Professional Indemnity - Emer

Customer needs and objectives

Customers require cover in the event that they receive a claim against them for errors or omissions, negligence, breach of confidentiality and other similar issues.

Product design

Following the latest product review and fair value assessment the product has been approved as providing the expected value to customers. The metrics and other insight reviewed suggest the product is understood and well utilised by customers. For information on the key benefits and any notable exclusions please see the relevant policy summary, or contact your local Hiscox underwriter.

Target market

Emerging professional indemnity insurance is a commercial product designed for UK sole traders, SMEs, large companies and multinationals in emerging professions. For example, management consultancy, recruitment or business consultancy.

Non-target market

This product is not designed to support customers who are not running a commercial enterprise or those who are not based in the UK.

Recommended distribution strategy

This product may be sold on an advised or non-advised basis. It is suitable to be sold face-to-face, through telephony sales or via a quote-and-buy website.

Fair value assessment

Date of last fair value assessment: May 2023

Expected date of next assessment: within 12 months of the above date

As a result of our fair value assessment, we have concluded our emerging professional indemnity product is providing the expected value to customers.

1. The product is compatible with the needs of the target market.
2. The distribution and remuneration strategy remains appropriate, we are not aware of any distribution and remuneration arrangements having a detrimental effect on the overall value of the product.
3. The quality of the service provides the expected value.

When completing our fair value assessments, we consider all information that is available and relevant including information provided by our distributors. We also continually monitor key metrics throughout the year to give us ongoing assurance that products are providing the value expected. Where information is outside of our tolerance levels, we may review the product outside of the scheduled timeline.
