

# Professional Indemnity Sustainability and Environmental

Hiscox offer a tailored professional indemnity product and flexible underwriting approach for customers who provide advice and support on sustainability and environmental matters. We understand the best practice and legislation continue to evolve in this sector, alongside new technology, research, and threats – and a adaptable, comprehensive product is required.

## Product highlights

Our specialist professional indemnity products include full civil liability cover, including your sub contractors, for claims brought against you arising from your specialist professional advice. 

Additional cover is included for representation costs, criminal proceedings costs, ombudsman complaints and your costs associated with either a court, or disciplinary attendance. 

Our sustainability and environmental product also includes cover for pollution, incentives and tariffs and environmental certificates.
