

Product name: **Motor**

Target Market statements and Fair Value Assessment

This document has been designed to support distributors in understanding the target markets for our products. Distributors should consider this information when deciding whether the product is suitable for their clients. It is important to be aware that underwriting and risk acceptance criteria will be applied during the quote process, this may result in some customers within the target market not being eligible for a quote.

Important product information

Full information on product features and significant exclusions can be found in the Policy Summary and Policy Wording documents which should be read in conjunction with the Policy or Quote Schedule.

Customer needs and objectives

Customers are legally required to have a minimum of third-party liability cover when using motor vehicle on a public highway. In addition, customers also need to protect their vehicle they own following damage and/or theft.

Product design

Following the latest product review and fair value assessment the product has been approved as providing the expected value to customers. The metrics and other insight reviewed suggest the product is understood and well utilised by customers. For information on the key benefits and any notable exclusions please see the relevant policy summary, or contact your local Hiscox underwriter.

Eligibility

- Policyholders (and named drivers) must be aged between 17 years and 75 years for new policies. Existing policyholders may continue to renew they policies subject to specific underwriting criteria.
- Insured vehicles should be registered in Great Britain.
- Policyholders should be free of unspent criminal convictions (other than motoring convictions)

Target market

Motor insurance is a retail product designed for UK consumers who own higher-value motor vehicles. These should be vehicles that are mainly used in the UK and vehicles that are mainly used for domestic purposes. This product is designed to cover vehicles with a low annual mileage and driver with less than 3 fault claims in the last 5 years.

Non-target market

This product is not designed to support consumers without a motor vehicle, or with vehicles that are used outside the UK and Europe. This product is not designed to offer cover for vehicles that's main use is commercial.

Recommended distribution strategy

This product may be sold on an advised or non-advised basis. It is suitable to be sold face-to-face, through telephony sales or via a quote-and-buy website.

Fair value assessment

Date of last fair value assessment: September 2025

Expected date of next assessment: within 12 months of the above date

As a result of our fair value assessment, we have concluded our motor product is providing the expected value to customers.

1. The product is compatible with the needs of the target market.
2. The distribution and remuneration strategy remains appropriate, we are not aware of any distribution and remuneration arrangements having a detrimental effect on the overall value of the product.
3. The quality of the service provides the expected value.

When completing our fair value assessments, we consider all information that is available and relevant including information provided by our distributors. We also continually monitor key metrics throughout the year to give us ongoing assurance that products are providing the value expected. Where information is outside of our tolerance levels, we may review the product outside of the scheduled timeline.
